ERRATA LIST

Before correction	After correction	Location
communicaitons	communications	Page 6
advection-diffusion process	diffusion equations of particles	Page 7
can by	can be	Page 11
SFG	Scale Free Graph	Page 12
RGG	Random Geometric Graph	Page 12
consensus schemes appeared	consensus schemes that appeared	Page 14
an formulation	a formulation	Page 16
GLOBECOMM	GLOBECOM	Page 19
The format of several references has been fixed.		Pages 19-20
the algorithms of consensus	is to apply algorithms of consensus	Page 32
where each one i	where each i	Page 32
negative real-parts	positive real parts	Page 37
which its convergence	whose convergence	Page 37
Te	The	Page 42
how many steps can we say that the value	how many steps the value	Page 43
based in	based on	Page 44
relies in	relies on	Page 45
remains	remain	Page 47
i.e	,i.e,	all manuscript
The problem P1	Problem P1	Page 57
\mathbf{G}	\mathcal{G}	Page 61
In all our experiments,	-	Page 64
how or	how our	Page 68
according to its length	according to their lengs	Page 68
Oppositely	On the contrary	Page 71
interested on	interested in	Page 81
In oder	In order	Page 81
energy functions considered	considered energy functions	Page 91
q	q!	Page 97
more power that	more power than	Page 100
schotastic	stochastic	Page 113
1^{T}P	1P^{T}	Pages 136-137
that worsen the accuracy	that worsens the accuracy	Page 151
when consensus- based tasks	when tasks based on consensus	Page 158
consider	considered	Page 159
The format of several references has been fixed.		Pages 161-172
